

Monthly Gazette

June 2005

Dear Members and Friends,

April showers bring May flowers. ACFP's membership has been growing at a fast pace and continuing to provide you a powerful network platform and opportunities to catch the "China Wave".

China's economic developments continue to make front page news everyday. If you read the May 9 issue of *Newsweek* magazine's feature story "**Does the Future Belong to China?**", you would agree that China's growth has obvious and amazing benefits for the world, and in particular for America.

We certainly have much to celebrate.

Sincerely,

Zhouhong Heacock
